

Branch Manager

Q2 Artificial Lift Services (ALS) has 32 repair and service facilities located across Canada and the U.S. Our service locations are supported by a world-class manufacturing operation (API & ISO Certified), plus a highly skilled engineering and optimization group.

We are looking to expand into the Red Earth Creek, Alberta region and are seeking an individual for the position of Branch Manager.

Responsibilities:

- Managing day to day operations of the branch
- Provide training, coaching and development of staff
- Build and maintain relations with both existing and potential customers
- Develop budgets and sales forecasts

Qualifications and Experience:

- 3-5 years' of management experience
- 5-10 years' experience with artificial lift systems
- Strong oral and written communication skills

Apply:

Please provide cover letter, resume, salary expectations, and references with attention to Human Resources.

We are an equal opportunity employer. We would like to thank everyone for their interest, however, only those candidates selected for an interview will be contacted.
